The Center of Faith and Hope’s Sponsorship Program is inspired by Maslow’s Hierarchy of Needs, which is a motivational theory that suggests that there are five increasing levels of human needs. Each sponsorship level is associated with an increasing level of human need that we will be working diligently to fulfill for our clientele. We welcome you to become a sponsor at the level that best suits you and/or your organization. Please contact Charlene Jordan at (478) 461-7144 regarding your interest in being a sponsor.
